

# **SOUTH ELGIN & COUNTRYSIDE FIRE PROTECTION DISTRICT**

Headquarters Station 21 1090 W. Spring Street, South Elgin, IL 60177 847-741-2141

## Request for a Fire Sign

A fire sign visible from the street and in good physical condition is required by the South Elgin Fire District to ensure that we can find your house in the event of a fire or EMS emergency. The South Elgin Fire District provides a replacement sign free of charge to District residents who have a sign that is missing, damaged, or hard to read.

### ***Signs can be obtained by any of the following options:***

- Call Fire Station 21 at 847-741-2141; the office staff or Battalion Chief will take your information
- Fill out the contact information below and email it to our fire signs department at [FireSigns@SouthElginFire.com](mailto:FireSigns@SouthElginFire.com)
- Mail this request form to Station 21 at the address above; send with attention to "Fire Signs"

Fire signs are ordered from an outside vendor. Once an order is placed it usually takes approximately three weeks for it to be manufactured and delivered to our station. The area at your residence where the sign will be posted will need to be JULIE'd if the post is being replaced.

The District does their best to get your sign replaced as soon as we possibly can and thank you for your patience with this process. Any questions on this process can be answered by calling Station 21 at 847-741-2141 or by e-mailing [FireSigns@SouthElginFire.com](mailto:FireSigns@SouthElginFire.com).
